Celebrity Cruises Completes Newest Modern Luxury Makeover

Celebrity Millennium emerges from drydock refresh more luxurious and stunning than ever, joining Celebrity Summit and Celebrity Infinity in offering new onboard venues and experiences

May 12, 2016 – MIAMI, Fla. – Movies viewed under the stars and paired with a specially curated menu of delectable food; freshly redecorated suites; a modernized, fully realized Italian steakhouse -- modern luxury vacationers need look no further than *Celebrity Millennium* to understand what all of these experiences have in common. This month, the 2,138-guest vessel will emerge from a drydock refresh reenergized and more luxurious than ever, with the same lineup of stunning enhancements that *Celebrity Summit* and *Celebrity Infinity* have received in recent months. Guests sailing on *Celebrity Millennium* in Alaska this summer will be among the first to enjoy her new spaces and experiences.

"We are beyond thrilled that *Celebrity Millennium* will soon be even more stunning than ever before as a result of the \$8 million that we're investing in this drydock," said Lisa Lutoff-Perlo, President & CEO, Celebrity Cruises. "We have added new elements and experiences that will help open up the world for modern luxury travelers, from our gorgeously updated Suite Class staterooms onboard to the amazingly delicious Tuscan Grille menu, and, of course, the new Rooftop Terrace."

The new Rooftop Terrace, complete with its large screen, chaise lounges, cabanas, soundscape and decorative lighting, is a modern relaxing backdrop for Celebrity's sumptuous new multisensory experience, "A Taste of Film," which presents films that evoke a specific cultural, culinary or destination experience, paired with cuisine that brings the scenes on the screen to life through guests' taste buds. The cruise brand's culinary team, led by Michelin-starred chef Cornelius Gallagher, has specially crafted a multi-course tasting menu for each "A Taste of Film" selection. The Rooftop Terrace is on the ship's 12th deck.

Additional drydock enhancements will include significant renovations of the ship's Penthouse and Royal Suites. As part of the \$8 million refresh plan, Celebrity is investing heavily in its Suite Class experience on *Celebrity Millennium*, as every Penthouse and Royal Suite will receive new glimmering fixtures, marble surfaces, and comfortable seats in the bathrooms. The rest of the suite will get refreshing touches like new carpeting, drapes, and bed linens.

---More---

Conversion of *Celebrity Millennium's* Olympic restaurant to Tuscan Grille, Celebrity's popular, Italian-inspired steakhouse that debuted on its Solstice Class ships, will include complete refinishing of the space and the introduction of a refreshed menu designed to tantalize, including fresh pasta made in-house; an Italian cocktail menu, a first for Tuscan Grille; a wine list focused on the wine-growing regions of Italy; and new foods like artisanal salami and cheeses; crispy crab arancini with lemon pepper aioli; grilled branzino with spinach and olive oil; swordfish with Castelvetro olives, fennel and white wine; and oven-roasted USDA Prime dry-aged steak.

On *Celebrity Millennium*, the maritime artifacts in the Olympic will be featured in a special display area in the casino's entry vestibule. Items include charts, maps, an original place setting, a ship model, and more.

Additional work taking place onboard will include:

- The addition of an enclosed portrait studio similar to that found on Celebrity's Solstice Class ships, *Celebrity Eclipse* and *Celebrity Equinox*
- The creation of a new future cruise sales office, where guests can take advantage of special offers
- A refresh of the Solarium, with new furniture, new floors, and refinished pool tops, and a refresh of finishes in the spa café
- The removal of the themed décor in the ship's casino

Celebrity Millennium entered drydock on April 26, 2016 and will emerge on May 12, 2016. This summer, Celebrity Millennium will sail a series of open-jaw itineraries between Vancouver, British Columbia, and Seward, Alaska, before heading to Asia in September for her winter season there.
